Editorial

APPOMATTOX, BENT CREEK AND GLADSTONE

We in Appomattox have always felt that the people living in and around Gladstone, although across from the Appomattox side of the historic James River, have much more in common with us than with either Amherst or Nelson counties.

As a link to bind this friendship, high school pupils from Gladstone attend the Appomattox Agricultural high school. Buses bring the mevery day and they form an integral part of the school body.

Recently a meeting of the Gladstone community league was held and we understand that the patrons voted to send their pupils here another year, rather than to a high school in their own county.

We in Appomattox want to show our gratitude for this spirit of our neighbors along the James. They are always welcome here and we value their friendship and support.

MORE ABOUT BEER

This week, the editor feels two paramount thoughts about Virginia and beer.

First of all, consider what psychological condition is developing in our state. Virginia has been one of the driest of dry states. Our people have largely been satisfied with the eighteenth amendment and the grip of W. C. T. U., church and Anti-Saloon league upon the minds of a majority of the people has been enough to keep it content. But just now, every paper one picks up tells a vivid story of other states having "good or innocent beer." Why people who never tasted beer in their lives are actually getting thirsty for the "3.2". It is a law of psychology that the apples in the other fellows yard seem richer than your own. It ishuman nature to want what the other fello whas—whether you need it or not. And, unless we miss our guess, if this tendency keeps up, Virginia will be ready to rake up a beer majority within a few months. This paper does not wish it. We will regret it as a step backward. But, psychologically, we believe it is coming.

Second, if and when Virginia does get beer, it will be attributable to one major source—the daily wet press of the state. For year they have fought a relentless and masterly fight for modification, and repeal. The weekly press has been largely dry, but in many cases wet. Five years ago our state was completely dry at the polls. If it is ready now to vote wet—the press did it, and it is but another example of the power of the newspaper over public opinion and public life.

The events will begin at about 9:30 A. M. and last virtually all day. The events will include dashes, jumps, relay races and field events. A 220 yard track has been prepared at the local school and will be in condition for some fast races.

Lucky Scrap Jelly

Chip up pieces of candied fruit—you must have at least one-half cupful and you can use twice that amount if you like. If no candied fruit is around, use broken nut meats or small bits of candy or raisins or dates stoned and finely cut.

Make 2 envfuls of lemon or orange gelatine. Pour the gelatine into a mould and, when it is cool and begins to "set" add the diced candy. When serving time comes, turn the mould upside down over the serving dish. Wrap it tightly with a cloth wrung out of very hot water and the jelly will fall onto the dish.

A garnish of whipped cream or condensed milk, whipped, makes the dish prettier.—Child Life Magazine.

Size of the Stars

How large are the stars? To the average individual their size is hard to comprehend, but Dr. Edwin B. Frost, famous blind astronomer in Child Life Magazine, solves the problem. The sun, he says, is 320,000 times as large as the earth, and yet some huge stars are forty million times larger than the sun.

BUCKINGHAM

Buckingham, April 12.—Fertilizer and field seeds have been delivered in large quantities throughout this county during the past two weeks and farmers are getting in shape for a fine season. A feature this year have been plans for home gardens, many varieties of garden seeds and potatoes being included in the listings for planting. The farmers are evidently preparing for a 'live-at-home' year.

A meeting of county school teachers was held here last Wednesday and attended by nearly all teachers in the county. This was the last meeting of the current session.

SPEED!

Time counts when you're in pain! Then remember Aspirin, and remember, for its speed and effectiveness, that it is stamped Bayer to be sure. It is many minutes ahead of imitations that are offered as its equal.

If you saw Bayer Aspirin made, you would know why it has such uniform, dependable action. If you have ever timed it, you know that the tablet stamped Bayer dissolves and gets to work before a slower tablet has any effect.

Stick to genuine Bayer Aspirin. You know what you are taking. You know it is harmless; nothing in it to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is always the tablet stamped—

Double Funeral Is Held In Buckingham

The family cemetery at the home of the late S. H. Lewellyn was the scene of a double funeral on April 5, when Mrs. Louise Wells Lewellyn, widow of S. H. Lewellyn, and Mrs. Maggie Lewellyn Jennings, his sister, were laid to rest. Mrs. Lewellyn, 77 years of age, died on the morning of April 4 at Mt. Vinco, the home of her son Robert, where she went two weeks before for a visit. Mrs. Jennings, 82, died on the morning of April 5, at the home place, near Manteo. Both died of similar cases, of paralysis.

The body of Mrs. Lewellyn was taken home and the funeral services for both were held simultaneously, conducted by the Rev. William Sadler, Buckingham Courthouse and the Rev. Jere Reeves, pastor of Mulberry Grove Baptist church of which Mrs. Lewellyn was a faithful member.

Pallbearers for Mrs. Lewellyn were: Guy Gentry, Gordan Gentry, Lee Harris, Lightfoot Harris, Clarence Lewellyn and Carlton Harris, all being her grandsons.

The following friends were pallbearers for Mrs. Jennings: Alex Baird, Albert Baird, Charlie Crews, P. S. Pulley, Dewey Maxey and Andrew Steger. Flower girls for both were Misses Essie and Louise Wilkinson, Lucille and Anna Gentry, Elizabeth, Louise, Florence and Georgie Harris, Clara, Ruby, Catherine, Virginia, Dorothy, Odelle and Virginia May Lewellyn, Mrs. Nelson Tindall, Jr., Mrs. Davey Maxey, Mrs. Lee Harris, Mrs. Roland Harris and Mrs. R. Roy Camden, granddaughters of Mrs. Jennings and nieces and of Mrs. Jennings.

Music was rendered by Miss Margaret Atkinson, Mrs. Waverly Nuckols, and R. Roy Camden. The following hymns were used: "Have Thine Own Way Lord," It is Well With My Soul," "Asleep in Jesus", and "Jesus Loves Me." "My Jesus as Thou Wilt" was read at the grave by the Rev. Sadler.

Mrs. Lewellyn leaves eight sons, John, Roy, and Elwood Lewellyn, of Richmond, Carlton Lewellyn of Staunton; Robert, Samuel, Willie and Luther Lewellyn, of Manteo; and two daughters, Mrs. Maggie Harris, of Richmond, and Mrs. H. M. Harris, of Lynchburg. Also surviving the deceased are three half-sisters, Mrs. John Cunningham and Mrs. Howard Cash, of Lynchburg and Mrs. Geneva Dixon, of Bent Creek, and a half brother, Whitcomb Wells, of Bent Creek. There are forty-four grandchildren and eleven great grandchildren. The majority of these were present at the funeral.

Mrs. Jennings had lived in Richmond for three years and after the death of her husband had made her home with S. H. Lewellyn, Jr., who moved to the old Lewellyn home place subsequent to the death of S. H. Lewellyn, Sr., which occured in November, of 1931. This admirable old lady left no children, but a host of relatives and friends.

Hixburg, April 12.—Miss Ellen Wilson, of Averett College, has returned home to spend a few days with her parents here.

ANNOUNCE NEW LOW GOODYEAR TIRE PRICES

New low levels have been reached in tire prices, according to H. M. Burge, local dealer for the Goodyear Tire and Rubber Co.

"In addition to sharply reducing prices, Goodyear will produce but two lines of tires—the well-known All-Weather tread and the Pathfinder, discontinuing third and fourth line brands," H. M. Burge stated.

"Prices on All-Weather tires are now at the level paid for Pathfinders a year ago, while Pathfinders may now be bought at prices comparable to those paid for the Goodyear Speedway line at that time," he continued. "All-Weather prices are 43 per cent under 1929 rates, while Pathfinders cost 48 per cent less than in 1929, not including government tax."

This means that Goodyear tires, with full center traction, built with the famous Supertwist Cord, which by its outstanding superiority over oldstyle cord used in tire construction, imparts greater mileage and longer life, can now be purchased at a real saving.

"The plan of price reductions and discontinuance of two lines represents in principle what is believed to be the best judgment of most of the leading factors in the tire industry. The motorist always prefers quality and the decline in prices will give it to him at a figure he can afford to pay," Mr. Burge concluded.

Buckingham, April 12—Mrs. P. E. Tucker has as her house guests her nieces, the Misses Cunningham, of Buena Vista. Miss Tucker will entertain in their honor at an informal dance Friday night of this week.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producing activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Thesford's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

3 RULES
big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

A SUPPER TO SING FOR!

If the sugar-plum tree should come to life!

And honey-dew come from the magic pitcher—wouldn't supper times be jolly for five and seven years olds!

A supper that has all the charm of the sugar-plums and the honey-dew for dessert a cup of crushed canned pineapple, cool and sweet. Never was anything so good to eat nor so good for growing boys and girls. For nutritional research has recently found canned pineapple to be a valuable source of five minerals, essential to health, as well as a valuable source of vitamins A, B, and C—a discovery that makes the task of mothers much simpler. The delicate flavor and color of pineapple are especially appealing to children. Pineapple is a food which rightly belongs in their own world of magic goodness. When it is served simply—a generous bowl ful of crushed pineapple—it is a treat which young Mary and Johnny find suited to their most-epicurean tastes. Two slices a day or a cup of crushed fruit is the amount recommended to aid in the maintenance of health and growth.
